### EIGHT CENTS A DAY

Will Enable Any Citizon in America to Secure the Best Encyclopædia, namely, the Americanized En-

cyclopædia Britannica. Three things ought to find a place in every American home: The Sacred Scriptures, a good newspaper and a thoroughly reliable encyclopædia. The first we are quite sure every family in which our paper is taken already enjoys; the second it has been the business of our lives to furnish; the third we place at the disposal of our readers from this moment. Eight cents a day for eight months will hereafter enable any citizen to secura a complete set of the Americanized Encyclopædia Britannica, which, after a careful examination, we confidently believe to be the most complete, reliable and altogether the best work of its kind extant to-day. This is another illustration of the motto that lies at the base of American institutions: In union there is strength. We have simply organized our readers into a club of enerclopsedis buyers, and obtained from the publishers the concessions which so large an organization has the legitimate right to demand. Our reward will come in an increased circulation, which, again, will probably enable us to secure similar advantages for our subscribers in some other direction. This is as it should be; the publishers

and readers of a great newspaper

should work together for mutual ad-

vantage.

What the publishers have done is to take the Encyclopædia Britannica to pieces and rebuild it with amendments and improvements. The latest or ninth edition of the original work was compiled some fifteen years ago; the American editors have revised it to the present year. The original work was crowded with minute and exhaustive descriptions of English towns, cities, counties, boroughs, minor institutions and other matters of peculiar interest to Englishmen. and to Englishmen alone, while American subjects were treated with the same brevity as French or German. The American editors have reversed this method-condenses the articles on distinctively British subjects within reasonable limits, and utilized the space thus gained for exhaustive discussions of purely American topics. The original work excluded from its plan all mention of individuals, however famous, who were alive at the time of its compilation; it says not a word of more than half the men whose names are written on the pages of modern history-no word of Grant or Sheridan or Sherman, Harriet Beecher Stowe, Julia Ward Howe or Elizabeth Stuart Phelps, of Cleveland, Harrison or Blaine, or Parnell, Salisbury or Bismarck. This woful lapsus, too, has been supplied in the Americanized edition. A series of 4,000 biographies, each brought down to the present year, enables the reader to learn at a glance the life story of every noted individual of the present generation. To all this add a complete series of maps and a number of well-executed engravings illustrative of the text, and the Americanized Encyclopædia Britaunica is before you-a work in whose introduction to our readers we feel a not unwarrantable pride.

IN THE PROBATE COURT OF THE county of Salt Lake, territory of Utah. In the matter of the estate of F. J. Kammerle, deceased. Notice. Notice is hereby given that Charles J. Kammerle, administrator of the estate of F. J. Kammerle, administrator of the estate of F. J.
